

## **Andres Falquez, MBA.**

### **Basic Information**

Department **[ICP]**

ICP- International Careers Program

IDIOMAS- School of Foreign Languages & Applied Linguistics

T&I- School of Translation and Interpretation

### **Educational Background**

- B.A., The College of Saint Rose
- M.B.A., Tecnológico de Monterrey – Escuela Superior Politecnica del Litoral (ESPOL)

### **Teaching Philosophy**

Teaching is a voyage of discovery. I see myself as a guide into economic, political and history subjects. My role as a teacher is to provide students all the necessary information so they will be as ready as possible for the real world. I use a lot of graphic displays of data and information in general, since an image is worth a thousand words. I believe in team building and in personal growth. These factors are heavily weighted in the class homework and projects that are an important part of the students' final grade. My goal is to make a difference in the students' academic life by leading them to a more profitable and complete professional life.

### **Teaching Specialties**

- Ecuadorean Socioeconomics
- Economic and Political Analysis
- History of Ecuadorean Culture
- Corporate Finance

### **Professional Profile**

After 4 years as a Financial Director, Andres Falquez, gives his students the benefits of his administration experience and interacting with many elements of the business community.

During his years as Economic Editor, World Bank Consultant and Advisor to the President of Ecuador he applied everything that he now teaches. He ran a media business for the Ecuadorean community living in Spain. His teaching style stresses

fairness to all with an emphasis on the professor as mentor and representative of the business world the student hopes to enter.
